

**Gerald McAdams Kauffman, Ph.D., Director**  
University of Delaware  
Water Resources Center  
Institute for Public Administration  
Biden School of Public Policy & Administration  
Newark, DE 19716  
302-893-1571      jerryk@udel.edu      wrc.udel.edu

**Biography:** Gerald Kauffman is Director of the University of Delaware Water Resources Center (UDWRC), one of the 54 Congressionally-designated National Institutes for Water Resources (NIWR) supported by the Water Resources Research Act of 1984 through the U.S. Geological Survey at land grant universities in the fifty states, District of Columbia, and island territories of Guam, Puerto Rico, and U.S. Virgin Islands. Dr. Kauffman holds faculty appointments as Assistant Professor in the Biden School of Public Policy & Administration, Department of Civil & Environmental Engineering, and Department of Geography & Spatial Sciences and teaches graduate and undergraduate courses in watershed science and policy, hydrology, and environmental policy. Gerald serves on the committees of the Interdisciplinary Graduate Program in Water Science and Policy and Environmental Academic Affairs Council that oversees undergraduate environmental science/studies majors. Jerry has authored dozens of publications including a book on water resources engineering with a colleague from the University of Wyoming and is writing a book about watershed management with John Wiley and Sons, Oxford, U.K.

Jerry holds a doctorate from the University of Delaware College of Earth, Ocean, and Environment with a dissertation in river basin governance and economics, a Master of Public Administration degree with specialization in water policy from the University of Delaware School of Urban Affairs and Public Policy, and a Bachelor of Science degree in Civil and Environmental Engineering with a concentration in water resources engineering from Rutgers University. Gerald is a Certified Public Manager (CPM) awarded by the Rutgers University Graduate Program in Public Administration. He is a member of the American Geophysical Union (AGU) and American Water Resources Association (AWRA) and serves on the boards of the National Institutes for Water Resources, Universities Council on Water Resources (UCOWR), Water Resources Association of the Delaware River Basin, and Partnership for the Delaware Estuary.

Dr. Kauffman provides water science and policy assistance to governments in Delaware and the Delaware Valley through the land-grant public service, education, and research role of the University of Delaware. Jerry serves as Delaware's first Water Coordinator appointed by the Delaware Water Supply Coordinating Council Act and co-chairs the Christina Basin Clean Water Partnership, an interstate effort between the EPA, Delaware River Basin Commission, Delaware, and Pennsylvania to restore the watershed that provides 60 percent of the First State's drinking water supply.

Jerry was named Employee of the Year in New Jersey for hydraulic research that prevented \$20 million in water damage to highway pavements and in 1992 was awarded a national floodplain fellowship from the Association of State Floodplain Managers for design of a greenway in the Flint Creek watershed northwest of Chicago, Illinois. In 2002 Jerry received a University of Delaware Merit Award for leading a state-wide water supply initiative in Delaware. In 2004, the Water Resources Association of the Delaware River Basin awarded Jerry the Samuel L. Baxter Memorial Award for contributions in water management as Delaware's first Water Coordinator. In 2009, Jerry received the Conservationist of the Year Award from the Delaware Nature Society for commitment in protecting Delaware's water resources. Jerry lives in Newark, Delaware near the White Clay Creek National Wild and Scenic River.

**EDUCATION**

Doctor of Philosophy (Ph.D.). Topic: River Basin Governance, Policy, and Economics University of Delaware, College of Earth, Ocean, and Environment, School of Marine Science and Policy. Newark, DE.	2014
Master of Public Administration (MPA). Specialization: Water Policy. University of Delaware, School of Urban Affairs and Public Policy. Newark, DE.	2003
Certified Public Manager (Level III). Rutgers University, Graduate Program in Public Administration. New Brunswick, NJ.	1988
Bachelor of Science, Civil and Environmental Engineering (BSCE), Concentration: Water Resources, Rutgers University, College of Engineering. New Brunswick, NJ.	1981

**PROFESSIONAL AND ACADEMIC POSITIONS**

Director, University of Delaware, Water Resources Center. Newark, DE.	2003-present
Assistant Professor, University of Delaware. Newark, DE.	
Department of Geography & Spatial Sciences	2016-present
Department of Civil & Environmental Engineering	2015-present
Biden School of Public Policy & Administration	2014-present
Water Resources Agency for New Castle County. Newark, DE.	1993-2003
Donohue and Associates, Inc., Consulting Water Resources Engineers. Chicago, IL.	1989-1993
New Jersey Department of Transportation. Bureau of Hydraulic Research. Trenton, NJ.	1981-1989
Remington and Boyd, Consulting Municipal Engineers. Pennsauken, NJ.	1977-1981

**REGISTRATIONS**

Licensed Professional Engineer (PE):  
 New Jersey, Wisconsin, Illinois, and Delaware

## APPOINTMENTS

Board Member, National Institutes for Water Resources (NIWR). Washington, D.C.	2021-present
Board Member, Universities Council on Water Resources (UCOWR). Southern Illinois University. Carbondale, IL	2019-present
Science Review Panel, Climate and Societal Interactions, Coastal and Oceans Climate Applications (COCA), National Oceanic and Atmospheric Administration (NOAA).	2019-present
Science Review Panel, U. S. Department of Agriculture, National Institute for Food and Agriculture (NIFA), Water and Food Production. Washington, DC.	2017-present
Admissions Committee, Graduate Program in Water Science and Policy. University of Delaware. Newark, DE.	2014-present
Clean Water and Flood Abatement Task Force, Delaware General Assembly, Senate Resolution 30. Dover, DE.	2015-Present
Delaware Climate Change Impact Assessment Steering Committee, Convened by the Secretary of the Delaware DNREC). Dover, DE.	2012-2015
Vice Chair, Water Supply Use Charge Committee, Delaware River Basin Commission. West Trenton, NJ.	2011-2014
Board Member, Partnership for the Delaware Estuary, Wilmington, Delaware.	2010-2015
Partnership for the Delaware Estuary, Science & Technical Advisory Committee (STAC).	2010-2019
University of Delaware, Undergraduate Environmental Academic Affairs Council.	2009-present
State Water Coordinator, appointed by the Governor and General Assembly, Delaware Water Supply Coordinating Council Act.	2000-present
Co-chair, Christina Basin Clean Water Partnership, a program of the EPA, Delaware River Basin Commission, Delaware, and Pennsylvania.	1995-present
Resource Protection Area Technical Advisory Committee (RPATAC), appointed by the County Executive under the New Castle County Unified Development Code.	1996-2021
Co-chair, White Clay Creek National Wild & Scenic River Watershed Management Committee, by U. S. National Park Service and National Wild and Scenic Rivers Act.	2001-2004
Board Member, Water Resources Association for the Delaware River Basin (WRADRB).	2003-2015
Faculty Advisor, University of Delaware, Student Section of the American Water Resources Association (AWRA).	2007-2017

Faculty Advisor, University of Delaware Club Baseball Team.	2004-2007
President, Newark American Little League, Newark, DE.	2001-2002

**AWARDS**

Conservationist of the Year Award. Delaware Nature Society. Ashland, Delaware.	2009
Samuel L. Baxter Memorial Award. Water Resources Association for the Delaware River Basin. Philadelphia, Pennsylvania.	2004
University of Delaware Professional Merit Award. Newark, Delaware.	2002
Flood Hazard Fellowship Award, Flint Creek Greenway. Association of State Floodplain Managers. Barrington, Illinois.	1992
Employee of the Year. New Jersey Department of Transportation, Bureau of Hydraulic Research. Trenton, New Jersey.	1988
Performance Suggestion Award. New Jersey Department of Transportation, Bureau of Hydraulic Research. Trenton, New Jersey.	1988

**TEACHING**

CIEG 440 Water Resources Engineering (3 cr.). University of Delaware, Department of Civil & Environmental Engineering. 2001-present.

CIEG 443/643 Watershed Engineering, Planning, and Design (3 cr.). University of Delaware, Department of Civil & Environmental Engineering. 2004-2009.

GEOG 432/632 Environmental Hydrology (3 cr.), University of Delaware, Department of Geography and Spatial Sciences. 2016 and 2020.

LEAD 201 Introduction to Consumer Policy (3 cr.). University of Delaware, School of Urban Affairs and Public Policy. 2006.

UAPP 411/611 Regional Watershed Management (3 cr.). University of Delaware, Biden School of Public Policy & Administration. 1999-present.

UAPP 467/667 Environmental Resources and Public Policy (3 cr.). University of Delaware, School of Public Policy & Administration. 2011.

**SELECTED GRANTS/EXTERNAL SUPPORT**

U. S. Fish and Wildlife Service, Delaware River Basin Conservation Act, Brandywine Shad 2020 Restoration, 2019 (\$241,000).

Delaware National Estuarine Reserve, Economic Value of Delaware Wetlands, 2017 (\$24,116).

U.S. Geological Survey, Water Resources Research Act, National Institutes for Water Resources, 2020 (\$125,000).

William Penn Foundation, Brandywine/Christina Healthy Watershed Fund, Water Fund, 2014-2019 (\$476,000)

Delaware Center for Transportation, Worse Case Effects of Hurricanes and Severe Storms on Delaware Transportation Infrastructure, 2017.

American Rivers/National Oceanic and Atmospheric Administration, White Clay Creek Shad Restoration Project, 2013 (\$41,000).

New Castle County Department of Planning, 2018.

City of Wilmington, Department of Public Works, Water Department, 2018.

City of Newark, Department of Water and Public Works, 2018.

Delaware DNREC Division of Watershed Stewardship, Watershed Planning & Policy, 2018.

Partnership for the Delaware Estuary, State of the Delaware Estuary, 2011 (\$25,000).

National Park Service, White Clay Creek National Wild and Scenic River, 2011 (\$10,000)

FishAmerican Foundation/NOAA, White Clay Creek Shad Restoration Project, 2010 (\$39,000).

William Penn Foundation/Delaware River Basin Commission, State of Delaware Basin, 2005 (\$50,000).

Environmental Protection Agency, Christina Basin Targeted Watershed Grant, 2004 (\$1,000,000)

Environmental Protection Agency, New Castle County Watershed Plan, 2004 (\$25,000).

Environmental Protection Agency, Safe Drinking Water Act, 2003 (\$25,000).

Environmental Protection Agency, Christina Basin TMDL Monitoring, 2003 (\$37,000).

National Park Service, White Clay Creek National Wild & Scenic River, 2003 (\$21,000).

Delaware Water Supply Coordinating Council, 2000 (\$60,000).

Environmental Protection Agency, Christina Basin Clean Water Partnership, 1998 (\$45,000).

#### **SEMINARS/PRESENTATIONS**

1. Brandywine Shad 2020. December 15, 2020. Upstream Alliance Seminar. Philadelphia, PA.
2. Brandywine Christina State of the Watershed. December 4, 2020. Brandywine Christina Task Force. West Chester, PA.
3. Brandywine and the Piedmont: Restoration and Revival of America's Most Historic Small Watershed. June 11, 2019. Universities Council on Water Resources (UCOWR)/National Institutes for Water Resources (NIWR) Annual Water Resources Conference. Snowbird, UT.
4. Water Quality Trends in the Brandywine Christina Cluster along the Arc Boundary of Delaware. November 29, 2018. Delaware Watershed Research Conference. Academy of Natural Sciences. Philadelphia, PA.
5. Waters of the United States (WOTUS) and Supreme Court of the United States (SCOTUS). October 18, 2018. School of Public Policy & Administration (SPPA) Research Seminar. University of Delaware. Newark, DE.
6. River Basin Finance and Economics in a Mid-Atlantic Watershed. June 27 2018. Universities Council on Water Resources (UCOWR)/National Institutes for Water Resources (NIWR) Annual Water Resources Conference. Pittsburgh, PA.

7. Brandywine Christina: America's Most Historic Small Watershed. May 3, 2018. Clean Water: A Bi-State Solution. Sponsored by the Brandywine Conservancy, Brandywine Red Clay Alliance, Natural Lands, The Nature Conservancy, Stroud Water Research Center, University of Delaware Water Resources Center. Mendenhall, PA.
8. Hydropolitics: Challenges in Intergovernmental River Basin Management. March 5, 2018. Universities Council on Water Resources (UCOWR) Water Seminar. Southern Illinois University. Carbondale, IL.
9. Dam Buster: Restoration of Anadromous Fish to the White Clay Creek National Wild and Scenic River. November 29, 2017. NOAA Restoration Webinar Series.
10. Catchments, Watersheds, and Basins: Global Governance and Policy of International River Science. November 19, 2017. Fifth Biennial Symposium of the International Society for River Science. Hamilton, New Zealand.
11. Governance, Policy, and Economics of Clean Water in the Delaware River Basin in Delaware, New Jersey, New York, and Pennsylvania. June 15, 2017. Proceedings of the 2017 UCOWR/NIWR Annual Conference "Water in a Changing Environment". Ft. Collins, CO.
12. Economics of a Megabasin: Delaware and Susquehanna. November 11, 2016. 11<sup>th</sup> Annual Susquehanna River Symposium. Bucknell University. Watershed Sciences and Engineering Program. Lewisburg, PA.
13. Delaware: The Water State. January 5, 2015. The Garden Club of Wilmington. Greenville, DE
14. White Clay Creek National Wild and Scenic River Shad Restoration Project. April 27, 2015. University of Delaware. Interdisciplinary Science and Engineering Laboratory Series. Earth, Equity, Environment Lecture. Newark, DE.
15. Benefit-Cost Analysis of Source Water Protection in the Brandywine Christina Watershed in Delaware and Pennsylvania. February 20, 2015. Department of Civil and Environmental Engineering Seminar. University of Delaware. Newark, DE.
16. Toward Innovative Approaches for Improving Water Quality: Linking Eco-Hydrology with Ecosystem Services at the Watershed Scale (with Luc Claessens). January 27, 2015. Delaware Estuary Science and Environmental Summit 2015. Partnership for the Delaware Estuary. Cape May, NJ.
17. The Brandywine-Christina Healthy Watershed Fund: Clean Water is Good Business. November 6, 2014. Annual Conference of the American Water Resources Association (AWRA). Vienna, VA.
18. Restoration of the American Shad on the White Clay Creek. October 16, 2014. Science Café. Center for Science, Ethics, and Public Policy. University of Delaware. Newark, DE.
19. Keynote Speaker. Water Infrastructure Investment: Science, Policy, and Economics. September 24, 2014. Mid-Atlantic Regional Water Conference. Sponsored by the Water Resources Institutes of

Cornell, Rutgers, Penn State University, University of Delaware, University of Maryland, University of District of Columbia, Virginia Tech, and West Virginia University. Shepherdstown, WV.

20. Delaware River, Inc.: What if the Delaware River was Managed as a Business? September 9, 2014. Delaware River Watershed Initiative Seminar. Academy of Natural Sciences at Drexel University. Philadelphia, PA.
21. Keynote Speaker: What's a Watershed Worth? June 13, 2014. 6<sup>th</sup> Annual Sustainable Raritan River Conference. Valuing Natural Capital and Ecosystem Services. Cook College Student Center. Rutgers University. New Brunswick, NJ.
22. Keynote Speaker. The Economic Value of the Barnegat Bay. March 28, 2014. Barnegat Bay Business Forum. Organized by the Barnegat Bay Partnership. Ocean County College. Toms River, NJ.
23. Keynote Speaker. The Delaware River Redux. October 29, 2013. Accelerating Action: The Forum for the Delaware River Watershed. Academy of Natural Sciences and William Penn Foundation. Philadelphia, PA.
24. Keynote Speaker. Natural Economies Conference. May 14, 2013. Common Waters and the Pinchot Foundation. Matamoras, Pa.
25. Congressional Briefing. Delaware River Basin Conservation Act. December 6, 2012. Northeast-Midwest Institute. Washington, D.C.
26. Benefit-Cost Analysis of Improved Water Quality in the Delaware Basin. Nov 14, 2012 Annual Conference of the American Water Resources Association. Jacksonville, FLA.
27. Keynote Speaker. Economic Value of the Delaware River Basin. October 11, 2012. Common Waters Conference. Easton, PA.
28. Save the Shad. September 25, 2012. White Clay Creek National Wild and Scenic River Symposium. Avondale, PA.
29. Keynote Speaker. Delaware Source Water Protection Collaborative Webinar. May 10, 2012. U.S. Environmental Protection Agency, Region 3. Philadelphia, PA.
30. Keynote Speaker. Wetlands Are Green and Good as Gold. February 29, 2012. Delaware Wetlands Conference. Dover, DE.
31. Keynote Speaker. White Clay Creek Wild and Scenic River Shad Restoration. December 7, 2011. Friends of the White Clay Creek State Park. Annual Meeting. Milford Crossroads, DE.
32. Economic Value of the Delaware Estuary Watershed. November 17, 2011. Academy of Natural Sciences. Philadelphia, PA.
33. Estuaries as Economic Engines. November 1, 2011. New York-New Jersey Harbor Estuary Program. U.S. Environmental Protection Agency, Region 3. New York, NY.

34. Keynote Speaker. The Very Historic Brandywine Valley. October 20, 2011. Annual Meeting of the Brandywine Valley Association. Mendenhall, PA.
35. Economic Value of the Delaware River Basin. October 19, 2011. 50<sup>th</sup> Anniversary of the Delaware River Basin. Shawnee, PA.
36. Keynote Speaker. Water and the Economy. May 11, 2011. National Association of Water Companies Annual Conference. Dover, DE.
37. The Delaware Estuary, Economic Engine of the Delaware Valley. March 4, 2011. Congressional Briefing. Delaware River Basin Conservation Act. Washington, D.C.
38. Socioeconomic Value of the Delaware Estuary Watershed in Delaware, Pennsylvania, and New Jersey. Feb 2, 2011. Delaware Estuary Science and Environmental Summit 2011. Cape May, NJ.
39. Economic Value of Water in Delaware and around the Pacific Rim. July 29, 2010. 6<sup>th</sup> International Water Conference. University of Delaware. Newark, DE.
40. TMDL + H<sub>2</sub>O = \$GDP. May 20, 2010. Delaware State Chamber of Commerce, Environmental Committee. Wilmington, DE.
41. Water Quality Trends in the Delaware River Basin from 1980 to 2005. November 1, 2010. Annual Conference of the American Water Resources Association (AWRA). Philadelphia, PA.
42. Economics of Groundwater: Delaware's Diamond-Water Paradox. June 10, 2009. Focus on the Delaware Coast Groundwater: Our Hidden Resource. Delaware Sea Grant. Lewes, DE.
43. Green Streets, Blue Water, Clear Skies. Sustainable Delaware Conference. Oct. 15, 2009. American Institute of Architects (AIA). University of Delaware. Newark, DE.
44. Economic Value of the Christina Basin in Delaware and Pennsylvania. Nov. 18, 2007. Annual Conference of the American Water Resources Association (AWRA). Albuquerque, NM.
45. The Severity of the Drought of 2002 in the Brandywine Creek Watershed of Delaware and Pennsylvania Based on Tree Rings Dating to 367 A.D. Nov. 9, 2006. Annual Conference of the American Water Resources Association (AWRA). Baltimore, MD.
46. The Science of Measuring Change - Assessing the State of the Delaware River Basin. November 7, 2006. Annual Conference of the American Water Resources Association (AWRA). Baltimore, MD.
47. Red Clay Rising. October 10, 2006. Delaware Nature Society Watershed Lecture Series: Red Clay Creek: Flood or Drought – Where's the Balance. Ashland, DE.
48. Protecting Public Drinking Water in Delaware. October 5, 2006. Conference of the Delaware/Maryland Section of the American Planning Association (APA). Wilmington, DE.

49. The Historic Christina Basin: George Washington Slept Here. April 19, 2005. Annual Meeting of the Medical Society of Delaware. Wilmington, DE.
50. Demand Side Management during Delaware's 100-year Drought of 2002. November 3, 2004. Annual Conference of the American Water Resources Association (AWRA). Orlando, FLA.
51. Perspectives on Ethics and Water Policy in Delaware. Oct. 23, 2004. Ethics and the Life Sciences Conference. American Philosophical Association, University of Delaware Department of Philosophy, and National Science Foundation. University of Delaware. Newark, DE.
52. The Historic Christina Basin: George Washington Slept Here. October 6, 2004. The Historic Christina Basin: Delaware's First Watershed. Delaware Policy Forum Series. University of Delaware. Newark, DE.
53. Christina Basin Clean Water Strategy. June 2, 2005. University of Wisconsin Water Outreach Symposium. Madison, WI.
54. Public Outreach for a Better World: Multi-Scale Approaches across Institutions around the Globe. March 18, 2005. Annual Meeting of the Association of American Geographers. Philadelphia, PA.
55. The Watershed Management Approach: The Christina Basin Case Study. December. 11, 2003. Hearing of the International Joint Commission (IJC) between Canada and United States of America. Washington, D. C.
56. Hydropolitics and Drought in Delaware. November 12, 2003. University of Pennsylvania, Institute for Environmental Studies, Seminar Series. Philadelphia, PA.
57. Henri Visits Delaware: September 15, 2003 Floods in the Red Clay Creek Watershed. October 2, 2003. Land Use Change and Water Quality: Assessing the Impacts and Planning for the Future. Delaware Policy Forum Series. University of Delaware, Newark, DE.
58. University of Delaware Experimental Watershed. May 29, 2003. Watershed Management and the University: A Working Conference for Higher Education, Institutions, Watershed Managers and Other Watershed Stakeholders. New Jersey Water Resources Research Institute. Rutgers University. New Brunswick, NJ.
59. Water Supply Politics and Policy in Delaware. April 17, 2003. Meeting of the Philadelphia Metropolitan Area Section of the American Water Resources Association (AWRA). Philadelphia, PA.
60. Hydropolitics of Water Supply in Delaware. March 29, 2003. Responsible Water Use in the Garden. A Symposium at Winterthur, an American Country Estate. University of Delaware Longwood Graduate Program and Winterthur Garden Division. Chadds Ford, PA.
61. The Public Land Grant University as the Basis for a National Network of Experimental Watersheds: The Delaware Model. November 5, 2002. Annual Conference of the American Water Resources Association. Philadelphia, PA.

62. The Anatomy of a Drought. October 9, 2002. DROUGHT.02: A Debate and Panel Discussion Concerning Water Supply Policy in Delaware, A Delaware Public Policy Forum. University of Delaware, Newark, DE.
63. Urbanization in the Christina Basin of Delaware, Maryland, and Pennsylvania: Cause of More Droughts and Floods? July 2002. University Council of Water Resources Institutes Conference. Traverse City, MI.
64. Water as the Blue-Gold of the 21<sup>st</sup> Century: How Much Will There Be to Drink? October 11, 2001. Drinking Water 2001: The Issues Concerning Delaware's Most Precious Natural Resource. A Delaware Policy Forum. University of Delaware, Newark, DE.
65. The University of Delaware Experimental Watershed. May 20, 2001. Spring Conference of the American Geophysical Union. Boston, MA.
66. The University of Delaware Experimental Watershed Project. November 11, 2000. Delaware GIS 2000 Conference, Delaware Geographic Data Committee. Newark, DE.
67. Role of Impervious Cover as a Watershed Zoning Tool in the Christina Basin of Delaware. October 11, 2000. Delaware Urban Erosion, Sediment and Stormwater Conference 2000. University of Delaware. Newark, DE.
68. Clean Water Issues Affecting Delaware Municipalities. October 11, 2000. 12<sup>th</sup> Delaware Institute for Local Government Leaders. Rehoboth, DE.
69. Christina Basin Water Quality Management Strategy. September 21, 2000. Advances in Stream Ecology Conference. Mason Dixon Task Force. Stroud Water Research Center, Avondale, PA.
70. Naamans Creek Watershed: What are the Current Solutions? April 1, 2000. Looking at a Watershed through Community Eyes Conference. Naamans Creek Watershed Association. Wilmington, DE.
71. Interstate Approach to Protect and Restore Watersheds in the Christina Basin of Delaware, Maryland, and Pennsylvania. June 1999. Interstate Initiatives for Clean Water in the Christina Basin Conference. Delaware Nature Society. Ashland, DE.
72. Impervious Cover as a Land Planning Tool in the Christina Basin of Delaware, Pennsylvania, and Maryland. November 1999. Flowing Toward the Future: Visions for the Delaware River Basin in the 21<sup>st</sup> Century Conference. Philadelphia, PA.
73. Delaware Source Water Protection Program (SWAP). June 1999. American Water Works Association Conference. Chicago, IL.
74. Christina Clean Water Strategy. May 1999. Association of State Floodplain Managers Annual Conference. Portland, OR.

75. Importance of Land Use in Maintaining Biodiversity: Example of the Naamans Creek Watershed. March 1999. Managing Biodiversity in the Delaware Valley Region Seminar. Society for Conservation Biology, Delaware Valley Chapter. Rowan University. Glassboro, NJ.

## **THESIS COMMITTEES**

### **Professor in charge of thesis on behalf of the Advisory Committee**

Slabicki, Kelly. Winter 2021. *Seasonal Variations on the Brandywine River, Total Organic Carbon Removal and Disinfection Byproduct Presence in the City of Wilmington's Drinking Water*. M.S. Water Science and Policy. Biden School of Public Policy & Administration.

Young, Jillian. Spring 2019. *Analysis of the Watershed Resources Registry Using GIS to Evaluate Stormwater Restoration Practices in the Christina River Watershed*. M.S. Water Science and Policy. Biden School of Public Policy & Administration. College of Arts and Sciences.

Ludington, Matthew D. Winter 2019. *Clean Water: A Long-Term Water Quality Monitoring Network to Evaluate Restoration of Hickory Run at the Mt. Cuba Center*. M.S. Water Science and Policy. Biden School of Public Policy & Administration. College of Arts and Sciences.

Diacopoulos, Briana. Spring 2017. *Policy and Governance of Units in the National Park System: A Case Study of the First State National Historical Park*. M.S. Water Science and Policy. School of Public Policy & Administration. College of Arts & Sciences.

Molfetta, Kristen A. Summer 2016. *Governance of Federally Protected Rivers: An Institutional Analysis of the Partnership Approach to Wild and Scenic River Management in the White Clay Creek*. M.S. Water Science and Policy. School of Public Policy and Administration. College of Arts and Sciences.

Jackson, Frances. Summer 2016. *How are Botanic Gardens in the Commonwealth of Australia and the United States of America Managing the Risk to Living Plant Collections in the Event of Water Shortage*. M.S. Public Horticulture. Department of Plant and Soil Sciences. College of Agriculture and Natural Resources.

Miller, Kate E., Spring 2014. *A Comparative Analysis of Source Water Protection Regulations of Local Governments in the Christina River Basin in Delaware and Pennsylvania*. M.S. Water Science and Policy. School of Public Policy and Administration. College of Arts and Sciences.

Brown, Joseph D., Spring 2014. *Vulnerability Assessment of Hazardous Material Installation Subject to Sea Level Rise and Storm Surges in Coastal Delaware*. M.A. Urban Affairs and Public Policy. School of Public Policy and Administration. College of Arts and Sciences.
